Volume 57 - March 2018

This Sunday is the 18th annual [Dave's Run For ALS](#) and Team Woodall is a proud sponsor of this great event for the second year in a row! Put on by the Southern Arizona Roadrunners, the race this year is particularly exciting for several reasons, one of which is a new venue at Curtis Park near La Cholla and River. Most of the race will take place on the Rillito River Path and this section of path is especially flat & fast!!! Another great change is the addition of a 10k distance to the normally offered 5k. For those who

want an additional challenge, they're even offering the Dave's Double where runners can take on both distances back-to-back! The 5k starts at 7:00am & the 10k at 8:00am. The 5k distance is also part of the Running Shop SAR Grand Prix series. Just after the start of the 10k will be a 1 Mile FitKidz & Family Run/Walk as well. This FitKidz 1 Mile race is FREE for all kids 12 & under. There's still time to participate, so join us this Sunday, March 25th at the Dave's Run For ALS that honors the late David Filer who was an avid runner & local business owner diagnosed with ALS in 2000.

REPLACING NATURAL GRASS WITH ARTIFICIAL

Artificial grass can be a water wise alternative to natural grass that not only saves on utility bills, but also brightens up a backyard area! Recently we undertook a renovation in our yard that transformed a crispy, brown area of real grass to a pleasant, green backyard oasis. The result was a substantial reduction in our household water usage, now down to about 40 gallons per person, per day, and an inviting space that's hosted both parties & "camping" nights for the kids. Learn more about our transformation and where Tucson stands in comparison to other areas in our [latest blog post about switching to artificial grass](#).
