Market Conditions

Buyer's vs. Seller's Market

This graphic explains the key similarities and differences between a buyer's and seller's market; and how these market factors impact each group.

Buyer's Market More people selling homes than buying More homes to choose from More negotiating power How it Impacts Buyers Could spend less than asking price Price restrictions Rarely competing offers

Seller's Market More people buying homes than selling Fewer homes to choose from Less negotiating power Need to be able to close quickly Could spend more than asking price Competition from other buyers

How it Impacts Sellers

Buyer's Market More people selling homes than buying Takes more time to sell Fewer offers received Could get lower than asking price May have to make repairs and/or concessions

Seller's Market More people buying homes than selling Home sells quickly Multiple offers likely Could get more than asking price Buyers willing to overlook repairs
